of the oat crop.

KIDDIES SIX By Will M. Maupin

A LULLABY

THERE'S a queer little house in
Lullaby Town,
Hush-o, my baby, by-o!
Just over the hill on the lane winding
down,
And a queer little room with lights
burning low,
And shadows that flicker and dance
to and fro—
O, haste, little comrade; together
we'll go—
Hush-o, my baby, by-o!

Hush-o, my baby; hush-o, my sweet,
Come to the cottage on Shumberland
street,
Clasped to my heart together we'll go,
Hush-o, my baby, by-o!

On Shumberland street in Fairland
square,
Hush-o, my baby, by-o!
Haste, little comrade, we soon will be
there;
Hush-o, my baby, by-o!

Soft, downy couch that the angels
have spread;
Slumber, my darling, and God guard
thy bed;
Sleep till the sun paints the morn a
rich red—
Hush-o, my baby, by-o!

Kind of Ladies Who Excite
the Ribilities of Writer in
Humorous Publication.

These make me laugh—ladies who like Kepple dolls; ladies who always arranging slumming parties who arrive at the theater in the middle of the first act and stop the performance; ladies who tell fortunes; ladies who spend hours a day in restaurants who organize welfare work and are forever talking about relations who know all about relations who embroider their playing with telephone calls, and risk stories; ladies who usually one hour and twenty late for all appointments; ladies who are shocked at anything that is not understood; ladies from Paris, O., who, having spent nine months in Paris, completely forget to tell fortunes; ladies who have been understood; ladies who know when a romance ends; ladies who are continually dwelling on the fact that they are ladies.

One of the most famous copies of the Bible in existence is the one which bears the curious title, "The Bible." It is an exquisite piece of manuscript, inscribed on 300 leaves, and was taken to Stockholm by the conclusion of the Thirty Years' War. According to tradition this Bible was the work of a poor monk who was condemned to death for some crime, but was told that the sentence would be commuted if he would write on asses' skins the entire Bible in a single night. He agreed to do it but, finding the task too great, made a compact with the devil. The devil kept his part of the bargain, and the work was done on time. The monk's story is spread by his marvelous power, but tradition is silent as to what happened to the monk at the end of the agreement.

A man was charged with assaulting a negress. "Washington," said the judge, "do you say for yourself?" "No," replied Luella, "Ah, that woman. Ah, nevaah. Ah, had reprimanded her. Ah, she came out back, an' she don't it, an' this maw'nin' she landed her again. Ah, come from mah flat up above, holding up mah right hand jes' like Statue of Liberty, jes' like mah right hand now, holding that woman, an' as Ah see to her, that woman jes' landed first ova the railing. Ah, did you have in the hand she were holding up like the Liberty?" asked the judge.

the Discussion Ended.

The boys, living in different parts of the city, were visiting an aunt. A discussion arose as to the merits of their churches. The heights of their religious beliefs became a part of the conversation. "The church reaches above the tree-top," said one. "The other, the steeple of our church reaches above the sky and goes through heaven," exclaimed the first boy, and this closed the discussion.

One of the First.

A salesman, after a great resistance, had agreed to take a car in part payment for the number of the motor?

He poked his head down on a moment and then bobbed "Eighteen sixty-three," he said.

Salesmanship.

A shopper was returning an empty purchase. "I told me those were fast colored," complained, "and the very they were washed they ran." "You didn't use stationary fastened the sweet young thing counter."

COLUMBUS.

The following is a paper on Columbus which was read by Mrs. G. W. Monkhouse at the last meeting of the Hondo Parent-Teacher Association. An appreciative audience listened to Mrs. Monkhouse's admirable paper, and voted to have it published.

"When God has a great work to perform or a great discovery to be made, He creates a man whom He knows will obey His will, and reveal to the world the many useful and important revelations resulting from His discovery.

America, the land where fruits and flowers grow to perfection, the home of the brave and the land of the free, in 1492, was an uncultivated garden. The Indian was monarch of the country, and roamed at will in the happy hunting ground without being molested by the paleface. Our heavenly Father, who is ever mindful of His creations, saw the need of man to till the soil of this chosen land with the plow and hoe, and make it smile with plenty. So in Genoa, Italy, an Italian, Christopher Columbus by name, like so many of our present day Americans, had a certain amount of desire for adventure. This Italian youth was having dreams of a beautiful country which, of course, he thought was the continent on which he resided and he thought by sailing west he would reach the eastern portion of the old world, namely, Asia. His positive convictions were that the world was round. His ideas and opinions were ridiculed and scoffed at by many.

After various appeals for help to carry out his honest convictions, and many disappointments, being ridiculed and scoffed at by those whom he regarded as friends who were amply able to lend all the needed assistance, he was almost discouraged, and at the last moment sought the counsel and help of Ferdinand and Isabella of Spain, who furnished him with two small sail vessels, and another was added by the aid of his friends. With these three ships and one hundred and twenty men, he sailed from Palos, August 3rd, 1492. After a long and perilous voyage, being threatened with death by his crew, he discovered the Island of San Salvador on October 12th of the same year. Supposing he had reached India, in Southern Asia, he called the natives, Indians. From this island he visited Hayti and Porto Rico, and then sailed for Spain with the joyful news of his discovery.

In 1493, he again crossed the Atlantic, having this time 17 ships. In 1498, he made his third voyage with six vessels, discovering the mainland, at the mouth of the Orinoco River, but did not land.

He died May 20th, 1506, in poverty and neglect, and after all his great perseverance and hardships, America did not even bear his name. I am glad, however, that all over the United States, cities and towns have been named for him. Ohio has given to her capital of the state the name of Columbus. Indiana honors his name with a city, and through many of the states homage is paid to his memory. Even Texas, our own state, has her Columbus.

No doubt this great man, in his vision, saw in the distance a Burbank, the Wizard of the vegetable kingdom, who, in his wonderful manner, was producing the rare beauties of nature that adorn the valleys and the mountain tops. Or possibly, peering down the corridors of time, he may have held intercourse with a Morse, the great inventor of the telegraph communication. For really this earth is a vast whispering gallery and the centuries are but telegraph wires that connect the thoughts of one age with another. So, my friends, we are today listening to the gentle whispers of the 15th century, while ever and anon we are cheered by the gentle music of a phonograph or radio and reminded that the mantle of Columbus in his wonderful discoveries has rested on the shoulders of an Edison.

Let us in memory plant a flower on his last resting place and give thanks to our heavenly Father who guided Columbus in this wonderful undertaking.

Gets Rid of Her Stomach Trouble

Mrs. Roberts Was Soon Relieved
by Dr. Thatcher's Liver
and Blood Syrup.

"If you had seen me a few months ago you would have thought I had jaundice, for my skin was as yellow as a pumpkin," said Mrs. L. Roberts, of 1601 Young street, Dallas, Texas.

"I suffered dreadfully from indigestion. I was very bilious, my complexion was something awful and my face covered with pimples. Dull headaches would come on and rage for hours till I could hardly see and I was badly constipated.

"I was advised to take Dr. Thatcher's Liver and Blood Syrup and it put an end to my constipation, my indigestion is gone and I can eat anything I want, my complexion has cleared up, my skin has a healthy color and I am now feeling fine."

Dr. Thatcher's Liver and Blood Syrup is sold by W. H. Windrow and if the first bottle does not benefit you the purchase price will be refunded.

HELPFUL WORDS.

From a Hondo Citizen.

Is your back lame and painful? Does it ache especially after exertion? Is there a soreness in the kidney region?

These symptoms suggest weak kidneys. If so there is danger in delay. Weak kidneys get weaker fast. Give your trouble prompt attention.

Doan's Kidney Pills are for weak kidneys

Your neighbors use and recommend them. Ask your neighbor. Read this Hondo testimony.

O. H. Getter, retired painter, says: "I was taken with a terrible backache and my kidneys acted irregularly. On stooping it was an effort for me to straighten again. Nights I had to get up frequently to pass the kidney secretions, which were scanty, highly colored and scalding. I felt tired and worn out all the time and had no ambition. I read of Doan's Kidney Pills and started using them. After taking two boxes of Doan's, my back was strong and my kidneys acted regularly."

Price 60c, at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mr. Getter had. Foster-Milburn Co., Mfrs., Buffalo, N. Y.

ARMISTICE DAY CELEBRATION NOVEMBER 12.

At a joint meeting of the Hal Jones Post, American Legion, and the Chamber of Commerce, held Wednesday night, plans were perfected for putting over a big celebration here on Monday, November 12th. About \$400.00 has already been subscribed towards procuring the meats for the big barbecue, which, with Patriotic Speaking, a big Football game, Horse Races, and a dance at night, will be the inducements offered to all to spend the day in Hondo.

It has been planned to use the Fair ground Race Track field, in the southwest part of town, as the place for holding the celebration.

Complete plans and a program of events will be given in next week's paper. Look for it; and in the meantime, lay your plans to be on hand early on November 12th.

SPECIAL JOINT MEETING.

There will be a joint meeting of the American Legion and Chamber of Commerce at the American Legion Club room on Tuesday night, October 23rd, at 8 o'clock P. M. Every member be on hand early.

UVALDE HIGH PAYS US A VISIT.

In a hard fought battle on the local gridiron Saturday afternoon the Hondo High School football team defeated the Uvalde High School team by a 26-12 score. The rain made the field slippery and any work at all was a muddy proposition.

The game of Basket Ball between the Uvalde girls and the local basket ball team failed to materialize on account of the illness of some of the Uvalde players.

After the games the visitors and the local football teams were entertained at the rest room by the basket ball girls and the teachers. Plate lunches were served to all.

NEW COACH FOR HONDO HIGH SCHOOL.

The people of Hondo have subscribed enough money to employ a coach for the football boys for the balance of the football season. The services of Mr. Wm. Sartain, of San Antonio, have been procured and he assumed his duties as coach of Hondo High School on Monday of this week. Mr. Sartain comes to our school well qualified to fill the position as coach, having played on the Southwestern University team, A. & M. All Company team, and is a University of Virginia letter man. He also had as his instructor Gil Dobie, coach of the Cornell Football Team.

DECKER-BATOT.

Cards are out announcing the marriage of Mr. Herbert Henry Decker and Miss Elna Marie Batot. The happy event took place at San Antonio on Monday, October 15th.

The bride is the winsome daughter of Mr. and Mrs. Gus Batot, and, until only a year or so ago, made her home in our midst where she grew to lovely young womanhood. Mr. Herbert Decker is the son of Mr. and Mrs. Henry Decker of Vandenberg community and is a young man of sterling qualities who well deserves so charming a bride.

After a short honeymoon spent at Dallas and other North Texas cities, Mr. and Mrs. Decker will be at home to their friends after October 25th on the Decker ranch.

The Anvil Herald extends congratulations and best wishes to the young couple for a life of unalloyed bliss.

MUSICAL COMEDY COMING.

Mrs. H. White of New Orleans will put on a three-act musical comedy, "The Ten Dollar Forfeit", Friday, October 26, at the Hondo Auditorium for the benefit of the Hondo Fire Department.

This is a very charming little comedy of modern life, with a stage full of pretty girls in lots of bewitching clothes. These and the catchy songs and choruses are some of the things that have made the play, "The Ten Dollar Forfeit", so popular wherever it has been given.

The story of the play is lively with plenty of thrills and has an Irish maid to keep the fun going, and a dummy man as a protector of the girls. There is a real cat, a sure "nuff" hen and a cream cake always in prospect—with eleven girls to give it the proper "pep". You can be sure the play never drags. The cast of characters will be found in the announcement printed elsewhere in this paper.

Uncommon
Sense By JOHN BLAKE

MOST MEN LABELED

EXECUTIVES who make a serious
study of choosing men for positions
have little difficulty in doing so.
Most men are labeled. Whether
they know it or not, their ability will
usually come out in a short conversation
about the job they have applied for.

Inability shows itself in the same
way.
The applicant may make every effort
to prove that he can hold a job,
but if he can't hold it an able chooser
of men will find it out before he is
hired.

The competent man may be shy; he
may lack the instinct of putting his
best foot forward; he may be a poor
self-booster, awkward in expression.
Yet the label is there, and the executive
who has studied men can read it.

In the same way the competent
business man can tell the nature of
the man he is about to do business
with. He may judge by a trick of
facial expression, by a careless word
or a hasty opinion, by a tendency to
boast, or a refusal to boast, but he
can tell.

Mistakes happen, of course. But
they do not happen so often when the
direct method of judging men is em-
ployed, as when the method is in-
direct.

Many men of only average ability
can answer questionnaires. Few can
talk with a shrewd prospective em-
ployer without disclosing to a very
large degree their unfitness for the
job.

Don't be afraid to wear your label.
It is there anyway. It will be more
than you can manage to conceal it.

If it is a poor label, you can make
it better. But you cannot make it bet-
ter by any conversational flights that
are not backed up by solid ability.

It may be that the American people
like to be humbugged, but the Ameri-
can employer cannot afford to be
humbugged, and he seldom is.

If he is a bad judge of men, he is
able to hire a good judge, and he
abides by that judge's decisions.

You must stand or fall by the label
you wear. All you can do about it is
to make that label as good as pos-
sible, and by hard work to exchange
it for a better one just as soon as pos-
sible.

And the very best label is the way
you do your work, not the way that
you talk about it.

YOUR
HAND

How to Read Your
Characteristics and
Tendencies—the
Capabilities or Weak-
nesses That Make for Success or
Failure as Shown in Your Palm

THE HAND OF AN ARTIST

NOTE carefully whether the lowest
phalanx or joint of the finger of
Apollo (the third or ring finger) is un-
usually long. If so, it denotes great
vanity on the part of the possessor.
Other things being equal, this is a fa-
vorable sign in the hand of an artist,
since without great confidence in one-
self not much can be accomplished.

When the line of life and the line
of head are widely separated at their
beginnings, it is a mark of an impu-
sive and egotistical disposition—not a
bad thing in an artist, if not carried
too far.

Finally, to read endeavor and
achievement in the hand of the person
of artistic tendencies, he or she
should have a mount of Venus ball of
the thumb that is strong and well de-
veloped. If this mount is strong, it
shows grace, beauty, melody in music,
dancing, a desire to please, tender-
ness, politeness and kindred social vir-
tues, especially those which attract
the opposite sex.

RAPID GROWTH HAS
COME TO BAPTISTS

75 MILLION CAMPAIGN HAS LENT
STRENGTH TO EVERY DE-
PARTMENT OF WORK

RESULTS IN SOUTH NOTED

Home and State Missions, Schools,
Orphanages, Hospitals and Relief
Report Marked Advances Under
Forward Movement

DR. B. D. GRAY,

ern Baptist Convention
Secretary Home Mission Board South-

Suggesting the growth which the
Baptist 75 Million Campaign has
brought to the general work of South-
ern Baptists, it is reported by the
general headquarters of the move-
ment that during the four years that
have intervened since the Campaign
was inaugurated in 1919, the denomi-
nation has gained 57 district associa-
tions, 881 active ministers, 3,063 local
churches, 3,237 Sunday schools with
459,223 pupils, 8,688 Young People's
Unions with 232,917 members, and
7,094 Woman's Missionary Union or-
ganizations, and baptized 762,330 per-
sons. At the same time the churches
have given \$28,776,937 more to mis-
sions, Christian education and bene-
volences than they did during the cor-
responding period prior to the Cam-
paign, and have increased their in-
vestment in local church property by
\$45,405,118.

The larger resources made possible
for missions and benevolences through
the channels of the Campaign have
been responsible for great advances in
every form of denominational work,
both at home and abroad.

Complete Church Building Fund

Among the outstanding achieve-
ments of the Home Mission Board,
operating throughout the territory of
the Southern Baptist Convention, are
noted the completion of its million
dollar church building loan fund, the
baptism of 173,692 persons, reception
into the churches of 277,968 persons,
enlistment of 11,772 young people in
the dedication of their lives to some
definite form of Christian service,
building or improvement of 1,872
church houses, and organization of
935 Baptist churches and 2,893 new
Sunday schools.

Practically twice the state mission
results have been accomplished in
many of the states since the Cam-
paign began as were had for any
corresponding period of time prior to
that movement.

Southern Baptists own 113 Baptist
schools, colleges and seminaries,
where nearly 40,000 young people are
studying to fit themselves for larger
usefulness. The number of students
has been greatly increased through
the Campaign making possible the
larger equipment of the schools, and
the investment which that movement
has made possible in the schools is
equal to about 45 per cent of their
total value at the time the Campaign
was inaugurated.

4,000 Orphans Cared For

Nearly 4,000 orphan boys and girls
are cared for in the 19 Baptist or-
phanages of the South. Two new or-
phanages have been provided by the
Campaign and practically all of the
older ones have been given better
equipment by this movement. The
equipment is not large enough yet, as
2,000 boys and girls had to be turned
away last year because the institu-
tions had no more room.

When the Campaign was launched
Southern Baptists had only 12 hos-
pitals. Today that number has been
increased to 21. Last year over 47-
000 patients were treated in these
hospitals, a large number of these
being charity patients who could not
have had an opportunity to get well
except through some such assistance.

The Relief and Annuity Board,
serving aged ministers, is now aiding
more than 925 beneficiaries and has
expended in direct relief since the
Campaign began the sum of \$414-
892.46.

It will require \$31,000,000 additional
cash to complete the Campaign by
the end of the period in 1924, and
every effort is being made to enlist
all Southern Baptists in having a
share in this task.

The BROWN
MOUSE
by Herbert Quick

THE AUTHOR

WHEN Herbert Quick writes a story it is the time for every-
one to sit up and take notice; for he is one of the most ver-
satile and entertaining geniuses in this country. Farmer, school-
master, lawyer, editor, public servant, social worker and novelist, he
has had a great round of experiences and has worked many of them
into his stories. Born in Grundy county, Iowa, he has been mayor of
Sioux City, nominee for supreme judge, editor of Farm and Fireside,
member of the Federal Farm Loan bureau and several other national
commissions, and during the war, had the rank of colonel conferred
upon him by the Red Cross.

In "The Brown Mouse," Mr. Quick has taken his inspiration from
the Scotch scientist who crossed Japanese waltzing mice with the
common white breed and among other hybrids got a brown individual
that was different from anything else in the world. Unlike its domes-
ticated parents, it was wild; it ran away, bit, gnawed, scratched and
raised hob generally.

Jim Irwin, the hero of the tale, is a brown mouse. His peddling
father was a waltzing mouse, no good except to jump from one spot
to another for no valid reason. His mother was a white mouse, hav-
ing had all her color washed out in one way or another. Like the
brown mouse which refuses to act according to the rules of heredity,
Jim had ideas of his own and did many surprising things. He com-
pletely woke up a sleepy farming community and showed it what a
touch of genius can do.

The Quinine That Does Not Affect the Head
Because of its tonic and laxative effect, LAXATIVE BROMO QUININE is better than ordinary Quinine and does not cause nervousness nor ringing in head. Remember the full name and look for the signature of E. W. GROVE, 30c.

No Worms in a Healthy Child
All children troubled with Worms have an unhealthy color, which indicates poor blood, and as a rule, there is more or less stomach disturbance. GROVES' TASTELESS CHILL TONIC given regularly for two or three weeks will enrich the blood, improve the digestion, and act as a general Strengthening Tonic to the whole system. Nature will then throw off or dispel the worms, and the Child will be in perfect health. Pleasant to take. 75c per bottle.

[F. F.]

The pilot of this journalistic craft has been hors de combat for the past several days, too sick to work and too mean and cross to go to bed; and to add to his other miseries, the Mergenthaler has had a bad case of stuttering which we have been unable to remedy. So if you find where we start in on a short and simple word like theeeeeee it persists in spilling all the letters in the font, just console yourself by reflecting that the intelligent compositor is feeling too mean to care and it will do you no good to complainnnnn.
